

RAIN GARDEN WORKSHOP

Join us for a FREE workshop ~
learn how to build a rain garden & manage
stormwater at home!

How can you enhance your landscape, fix drainage problems around your home, and do your part to help protect water quality and Puget Sound?

Build a rain garden!

Learn how and why to build one or more rain gardens in your yard to create a low-maintenance, attractive feature that will also help protect local waterways, provide habitat, and keep stormwater away from your house. Each participant will receive detailed information about designing and building a rain garden, as well as a free detailed step-by-step color guidebook.

Sunday, March 29th from 1:30-4:00

Advanced Registration is Required.

Please call to register and receive information and directions:

WSU - Nora (360) 427-9670 x 686

MCD - Karin (360) 427-9436 x 22

This Workshop was made possible by Mason County Public Works & the following partners...
