**WSCC Field Tour** – Bonnie Hall thanked John, Rich, and Gavin for their efforts in coordinating an outstanding field tour of three MCD projects. She and Bill Burrows remarked that the attending group was visibly impressed with the scope and quality of the MCD projects. This positive feedback continued throughout afternoon, into the evening meeting, and the Commission meeting the following day.

**WSCC January Meeting** – Bill and John attended. Bill summarized a detailed discussion regarding the 3DT recommendations. After some contentious discussion a motion was made by WACD representative for WSCC to convene a statewide public forum to receive input on the 3DT recommendations. The motion was passed with two no votes and one abstention.

Following a break a second motion was made to inform the Directors of Department of Agriculture and the Department of Ecology that the WSCC was prepared to support the effort to engage the public on the 3DT recommendations. The motion passed unanimously. MCD Board expressed some concern with how WACD handled the 3DT issue.

**3DT Update** - John reported that process is progressing. Public meetings are expected to be held later this Spring to receive input. He will coordinate our response to the eleven recommendations with MCD staff.

**2013 Election** – John reported that only one petition for the open position was received. It was from Bonnie Hall, who currently holds the position. Therefore, per WAC no election is necessary. John has filed the appropriate forms with the WSCC. A short discussion ensued as to district elections. Participating in a county wide ballot election could cost MCD in excess of $20K. There is currently no specific funding available to cover election costs for conservation districts.
