WSU Extension MOA: Staff informed the board of the expiration of the MOA with WSU Extension for the shared Small Farms Program position. The collaboration has been very effective in providing technical assistance to agricultural producers in Mason County. The success of the program is evidenced by the substantial demand in landowner requests for assistance.

Surplus Equipment: Staff informed the board of the status of the 1993 Ford Explorer and the 1996 Ford Ranger Extended cab pickup. Both vehicles have failed transmissions and are beyond their service life. It would not be cost effective to return the vehicles to service. Staff recommended the board declare the two vehicles surplus property.
