## MINUTES

---

### *LOGOS & SLOGANS*

Ms. Hager brought an example of an illustration that could be adapted to our VSP logo. We discussed some of the other logos used around the State and decided to come up with some different ideas that are unique to Mason County.

### ***GROUP MEMBERSHIP***

With the attendance of only a single member to our meeting, it goes without saying that we need to boost our membership. Ms. Hager agreed to talk with her friends and neighbors about participating, and District Staff will also attempt to work on this issue. It is important to remember that the Work Group is actually written to law; it is a mandated group with specific tasks.

### ***NEW BUSINESS***

Get motivated again!
